St. Paul, Minn., has voted dry.

In the days of war, the souls of boys quickly grow into the souls of men.

The world knows what to do with its criminals but it doesn't know what to do with its fools.

Says the Augusta Chronicle: This country is not apt to swap horses while crossing the Rio Grande.

Lieutenant Marsh says that the ladies of Ocala surely are patriotic. At least seven have volunteered as nurses in the last twenty-four hours.

The hyphenated vote may go to Hughes, if it pleases, but if he is elected, unless the Star is greatly mistaken, he will be found to be as good an American as ever occupied the White House.

Mrs. Anna Tweedy, secretary of the Marion Fair Association, is going after advertisements in the fair premium book in the most business-like way. She has a good list of advertisements, with more in prospect.

If the average citizen of this town could look over the state press and see how often the two Ocala papers are quoted, he would realize how much they kept his home city in the public eye. This is steady and effective advertising, and it takes considerable merit to obtain it.

One of our good citizens, by no means rich, however, says that a committee should be formed to look after the family of any soldier whose pay will not be equal to their needs. He says he is willing to help any such family or families according to his means, and the Star hopes his example will be followed.

One thing may be truly said to the credit of the administration that it has done its best to get Americans out of Mexico. If there are any in that land of danger, it is their own fault.

The British and French newspapers declare that their governments will support any action the United States takes in Mexico.

There is no gainsaying the fact that business is better in Ocala than it was a year ago. And that in spite of shutting up our seven great money circulators, the saloons, last December.

The Tampa Times declares that convict work on public roads is most inefficient; that it should be done by free labor, and all convicts turned over to the state. Convicts have done some very good work on Marion county roads. It all depends on who is put in charge of the men.

Strange but so, after a man has been in khaki a short time, how readily he can sit or lie down on the floor, the bricks or any other old place that will take the strain off his muscles.

As soon as the Ocala company leaves home, its name will be placed on this paper's mailing list and every day until its return, be it three months or three years it shall be sent a package of Evening Stars. We have always kept the boys supplied with home news when they went to state encampments, and we will keep the custom up now when they go further away.

The note sent by the American government to Carranza is a complete and concise summing up of the case between the United States and Mexico. Mr. Lansing may have written it, but it is probable that Mr. Wilson dictated it. After reading the note, it is impossible to come to any conclusion other than that our government is determined to put up with this condition of affairs in Mexico no longer. It is the sentiment of a big and patient man who has come to the end of his patience.

The Times-Union gloats over the fact that Congress last winter thwarted President Wilson when he tried to impress the necessity of preparedness on the country. Congress will probably need all the approval the Times-Union can give it, and then some. Had Congress gone to work and heartily supported the president, the government would not now have to call out tens of thousands of unpracticed men to support the regulars in Mexico. The country is likely to pay dearly in blood and treasure for the stupidity and stinginess of Congress and the grudges of Mr. Wilson's personal enemies.

As soon as war starts, the average woman wants to go to the front as a nurse. This is a mighty fine trait, and we would advise any lady who feels it working in her to at once take a course of instruction as a trained nurse. Without such training, she will not only be useless but

NOTICE THEM NOW

Last night, after supper, the members of the Ocala Rifles lined up in front of the armory and began to drill. They had a crowd in a few minutes. The sidewalks for a hundred yards were soon thronged with men and women, eager to watch the boys in brown, who may be whirled in troop trains to the other side of the continent before the week is over. Soon the company changed from line to column and marched to the square, where for the better part of an hour they went thru evolutions. The men in line were the older members, and they showed much efficiency as they marched and wheeled and changed from column to line, and back to column again. For the first time in years, there was a large crowd to watch them, and many an eye moistened and throat tightened as they swung jauntily by, the pavement echoing to their rhythmic tramp and the lights glinting on their rifle barrels.

In hundreds of communities all over this broad land, little bands of men like these were drilling last night; each a little fragment of the steel-fringed avalanche that will soon roll down on Mexico unless the leaders of that benighted land come to their senses in a very few days.

Additional recruits to the Rifles up to a late hour this afternoon were as follows: Benjamin Rives, Harry E. Hare, Clyde Fussell, Eugene B. Walker, Leesburg; William C. Mills, Robert W. Kinney, Charles H. Hardee, Robert F. Mock, A. Leman Jones, Ed. Polly, Llewellyn A. Snow, Ocala; John S. Alred, Electra; Foster B. Shedd, Lloyd M. Maier, William H. Wisenand, Belleview.

At nine o'clock this morning, the officers of Company A received a telegram from Gen. Foster, asking how many men were in the ranks. The reply was sent that there were ninety-six, ready to move at a minute's notice.

Shortly after 9 o'clock this morning we met Deck Davis and Charlie Peyser headed for the armory. They said they were going to enlist.

Charlie Woods, who has been with the Sentinel in Orlando, arrived yesterday to take his place in the ranks of Company A.

Council last night received and accepted the resignation of City Engineer Edward Drake, captain of the Rifles. Captain Drake may soon be mapping roads in the city of Mexico.

The members of the Ocala Rifles were under strict military discipline yesterday, none leaving the armory without permission. Enough of them obtained permission to keep the streets lively, however. A large proportion are farmer boys, with the healthy red of the sun on their faces and arms. They were exceptionally well behaved. By 10 o'clock last night, most of them were on their cots in the armory, probably dreaming of the shoulder straps that every good soldier may aspire to.

Among the volunteers yesterday was Mr. L. A. Snow. This young man might have stepped into one of the many situations made vacant by calling out the troops, but he preferred to serve his country instead. It's the Star's belief he will make a good soldier.

The patrons of the Court Pharmacy will miss George Davis' cheerful greeting at the soda fountain. George is in khaki.

Some fifteen months ago, at a ball at Belleview, our attention was drawn to a little, shock-headed boy in knickerbockers, Willie Whisenand, who danced all the evening with a brown-eyed Ocala girl, a head or two shorter than himself. He was among the soldier boys who greeted us at the armory last night. How these boys do grow!

The heavy marching order for the Rifles consists of two shirts, two pairs of pants, a coat, hat, leggings, blanket, shelter tent, pins and pegs, haversack and mess kit, canteen, side arms and gun.

That clever boy, George Howell, of Fort McCoy, who drove Mr. Grantham's car during the primary campaign, now has a job with Uncle Sam and will help drive greaser cutthroats from the border.

Just as soon as kind-hearted Charles Peyser knew the Rifles had to go to the front, it occurred to him the boys ought to have a send-off, and he was mighty well pleased this morning to learn the idea was being carried out.

Mr. J. J. Gerig sighs and says he cannot enter the battle smoke himself, but he saw to it that the soldier boys had two boxes of the best smokes today.

The Rifles have a complete camp apparatus for cooking, but as it was packed awaiting orders to move they have been taking their meals at the Colonial Hotel, the Ideal and Baum's restaurants.

Charlie Peyser presented the Rifles this afternoon with a big box of El Tropicos, one of his finest brands. Charlie took special pride in decorating the box with handsome and appropriate patriotic emblems.

THE STAR'S PHONES

The editor's phone is "51-TWO RINGS" while the business office remains the same. Our friends will save themselves possible annoyance and delay by keeping this in mind when calling up the Star office in future.

ATTEND THE GOOD ROADS CONVENTION AT ORLANDO

The annual meeting of the Central Florida Highway Association will be held in Orlando June 22nd. It has been suggested by good roads enthusiasts that Ocala send a representative delegation to attend the meeting. Marion is certainly interested in good roads and should leave no stone unturned to promote the building of better and more permanent roads.

The Star will print a list from day to day of those who will attend the meeting, together with the available automobiles offered for those who have no cars. Among those who will go and provide transportation for one or more passengers are:

Dr. E. Van Hood.
Dr. J. Walter Hood.
Judge Wm. E. Smith.
A. C. Cobb.
D. S. Welch.
Dr. C. B. Ayer.

Tired, Depressed, Losing Weight.

Tallahassee, Fla.—"My sickness, or ill health, that Dr. Pierce's Favorite Prescription corrected in every way, was due to a very peculiar nature. In the first place, I was lacking in blood and this deprived my body of nourishment and left me in a very tired, depressed state, to such an extent that I was worn out and had to hire my work done. I was also very gloomy and discouraged. One can imagine the seriousness of my case in my losing weight from 176 to 119 pounds. I was also suffering from woman's weakness. I took half a dozen bottles of the 'Favorite Prescription' for constipation, with most excellent benefit. After my health began to improve I gradually regained my weight until I came up to my former weight of 176 pounds. I gratefully testify to the virtues of 'Favorite Prescription' for women, and 'Pleasant Pellets' for liver and bowel troubles."—Mrs. I. M. ALLEN, 153 St. Francis, Tallahassee, Fla.

The use of Dr. Pierce's Favorite Prescription makes women happy by making them healthy. There are no more crying spells. "Favorite Prescription" cures inflammation and female weakness. It makes weak women strong, sick women well.

Like an open book, our faces tell the tale of health or disease. Hollow cheeks and sunken eyes, listless steps, sleepless nights—tell of wasting debilitating disease some place in the body. It may be one place or another, the cause is generally traceable to a common source.

Get the "Prescription" to-day—either in liquid or tablet form—if you want to better your physical condition speedily.

Pure drugs, prompt service and no substitution in our PRESCRIPTION department. Tell your physician to leave yours with us. The Court Pharmacy.

BELLEVIEW'S BUDGET

City of Oaks is Planning for a Big Fourth of July Celebration

Belleview, June 21.—Belleview intends to bust itself wide open with patriotism on July 4th, if plans hatched and set on foot by Dr. B. N. Tanner materialize in accordance with the program as laid down at a rousing meeting held at the town hall last Monday night. Dr. Tanner has been worrying over this 4th of July celebration for some time, and it reached a climax when the above meeting was held and committees appointed.

The program as outlined consists of a musical program at the town hall and a baseball game, with the Belleview swatters as upholders of the honor of Belleview in the great national game against any and all comers; a tub race on the lake; sack races, chase the greased pig and climb the greased pole, and also a swimming race in Lake Lillian, and it is hoped to secure the services of some public speaker to tell the people the whys and wherefores and the causes that led up to the great national day of rejoicing and celebration. The committees as announced are as follows: Dr. B. N. Tanner, chairman and general manager of the whole thing; Mayor John T. Hames, president; O. M. Gale, secretary; J. E. Pelot, marshal (without power to arrest); finance committee, Dr. B. N. Tanner, Mr. H. A. Kendall, Eleanor A. Tremere; barbecue committee, Jas. N. Shedd, chef, Joseph L. Whisenand, chief cook and bottle washer, James A. Freeman, superintendent of the roast; committee on sports, Raymond E. Gale, and the rest of the baseball nine; committee on music, Mrs. James Walter Nelson, Mrs. Earle Davenport, Rev. S. N. Whidden, Prof. S. G. Thomas; committee on tables and to make the stranger feel at home in our midst, Mrs. Oscar M. Gale, Mrs. John T. Hames, Mrs. Frank Hutson, Mrs. Brighton Tanner, Mrs. Charles Tremere, Mrs. Will Freer, Mrs. Fred Brown, Mrs. Edwin Spencer Sr., Mrs. David Stanley, Mrs. W. N. Bryant, Mrs. Harry Read, Mrs. J. N. Shedd. This combination of committees with the personnel that it represents will do their best to make all the visitors feel at home. To the tired citizens of Ocala, weary of the roar of city life, we extend a welcome to come down and get a breath of country air and meet some of your country cousins, and especially do we invite the attention of the late candidates for political honors that received such flattering majorities in this precinct to come down and show your appreciation and to those candidates who did not receive such flattering majorities to come down anyway, and we will extend the glad hand to show that there is no ill will in the matter. To our sister town of Summerfield and all the adjacent country laying round about it, we want them all to come to show their appreciation of Belleview's efforts in the past to make their little public affairs a success. We want the people of Oxford to come for Iol these many years Belleview has been migrating to Oxford regularly on that Saturday in August to which all good Oxford people look forward to. To our Candler friends, who are the salt of the earth and some of the greatest hustlers thereon, we bid you welcome on the strength of old associations and the many dances and entertainments that we have helped you out on in the past. It is only nine miles from Oklawaha to Belleview and the good people of that little burg are great on the move when there is anything good in sight, therefore we expect to see the road kept dusty between Oklawaha and Belleview on the 4th of July. The residents of Shady know the road and know us people, therefore it stands to reason that they will be over in force on the above date to join in the corn dance. And to any person that wants to mix with a good bunch on the 4th of July, we extend a welcome.

How thoroughly pleasing it is you will best appreciate by trying to find some one detail you would care to have changed.

The lines of the car are striking, and the enameled finish holds its lustre for a long period. There is just the right depth, just the right width and just the right tilt to the seats.
